

Our Modern Edge Workspace

NTT DATA Global Services Corporation (President and CEO: Nao Yoshida) having vast experience in end-to-end solutions for diverse industries, allowing us to deliver solutions and outcome that matters. As Global One Team, we collaborate amongst group companies on global deliveries across United States, Europe, Asia, and China region.

A modern collaborative connected workspace designed to encourage our talents to ideate and collaborate, as well as a locale to convene with our customers to co-create and digitally drive innovation in our modern world. Creatively redesigning our footprint to support our organizational priorities by introducing new concept as described below.

【New Workspace Concept】

I. Hub Office

New hub offices will be introduced in Tokyo and Osaka, with strategic locale to better service our customers as well as redefining the new norm of WFH/Office model.

II. Global Delivery Center

Our global development centers in Japan, India and China, with proven offsite and offshore methodologies and execution processes governed by standardized development platform enables us to work as a singular integrated delivery team.

III. Overseas Satellite

Center of Competence (CoC) to be established in Mexico and Germany, having geographical advantage to develop close long-term relations and better support our major customers in the region.

Current TYO HQ office is downsized to new TYO hub, adopting a modern collaborative connected workspace designed with hub and spoke modeled offices aligned with WFH policies
